

### THE COCKPIT OF THE AIRBUS A380 AWESOME!!!!!!!!!!....

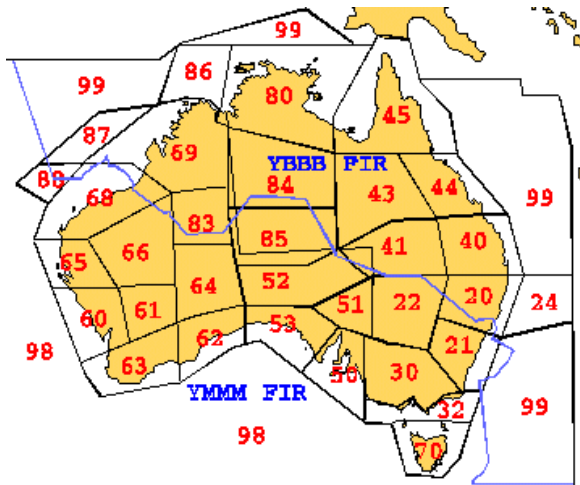

As you move your cursor you can see the whole cockpit from top to bottom.  
You can even zoom on the dash.  
Most panoramas are of landscapes.  
This 360-degree panorama unlike any other..  
It's a picture of an Airbus A380's cockpit.  
Be sure to go to full screen.

### Plain Language METAR

This is so handy. If you like me, the code in the weather reports are all in Chinese. Check out this METAR translator.

### Lockheed Factory During W.W.II

This is a version of special effects during the 1940s. I have never seen these pictures or knew that we had gone this far to protect ourselves. During World War II the Army Corps of Engineers needed to hide the Lockheed Burbank Aircraft Plant to protect it from a possible Japanese air attack. They covered it with camouflage netting to make it look like a rural subdivision from the air.
